

Easy-to-use School Management  
System for Singapore Institutions

# Why **FlavorCRM** is the best CRM software for your school or business?

With Flavor CRM, you can drive more leads and boost engagement with your students and employees via one powerful platform. Enrich your customer lifecycle with a comprehensive management solution with this exceptional CRM system for educational institutions and businesses.

# The Benefits You Won't Find Anywhere Else

## Up to 80% PSG Subsidy

Flavor CRM is PSG pre-approved vendor. Claim up to 80% off and reduce your operational cost.

## All-in-One School Management System

Manage all your class schedule, school administration and streamline operations in one dashboard.

## Cloud-Based Technology

Your information is safe on our cloud storage. Access your data and file from anywhere, anytime, any device.

## Sessions and Scheduling Payments

Enhance the lifecycle management of your students and employees using Flavor CRM's robust system. Easily manage your school's offline and online classes and enrich your student's lifecycle from enrolment to processing payments from a centralised platform.

## Reports and Analytics

Collection and analysis of data is easier with Flavor CRM. It only takes a few clicks to view essential information and analytics about your students or employees in one platform. Report & Analytics feature provides an in-depth analytics for trials, leads, student attendance, the over all revenue and much more.

# Communications

Effective information exchange is crucial to any organisation. Flavor CRM's feature allows you to promote smooth communication flow between departments in your school. With Flavor CRM, you can personalise your approach to each student without the need to hire additional staff members.

## Leads

With Flavor CRM, collecting data from your leads is a breeze. Utilising its intuitive CRM makes it easier for educational institutions to follow-up on all the enquiries and efficiently record your transaction with your leads. Flavor CRM software also help to enhance the connection between your school and your students by securely keeping record of counselling interactions and making follow-up.

# Payment

Flavor CRM offer a great set of features which enable you to customise invoice based on student's needs, create recurring invoice, collect payment's receipt, process refund, and generate report to monitor your sales revenue. Manage it all via single platform.

## Integrations

Get connected to other great softwares with Flavor CRM! Sync your Carbonate HR with Flavor CRM system to automate your daily HR tasks. Integrate Flavor CRM to XERO & QuickBooks for easier accounting and Stripe for seamless payment process. Tailor Flavor CRM to Nautilus for your smooth communications experience with students.
